

What About Us?

We are search lights, we can see in the dark

We are rock-ets, pointed up at the stars

We are billi-ions of beautiful hearts

And you sold us down the river too far

Chorus

What about us? What about all the times you said you had the answers?

What about us? What about all the broken happy ever afters?

What about us? What about all the plans that ended in disaster?

What about us? What about all the broken happy ever afters?

What about us? What about all the plans that ended in disaster?

What about love? What about trust? What about us?

Sticks and stones, they may break these bones But then I'll be ready, are you ready?

It's the start of us, waking up, come on Are you ready? I'll be ready

I don't want control, I want to let go. Are you ready? I'll be ready

'Cause now it's time to let them know. We are ready, (what about us?)

Chorus

What about us? What about all the times you said you had the answers?

What about us? What about all the broken happy ever afters?

What about us? What about all the plans that ended in disaster?

What about love? What about trust? What about us?

What about us? What about us? What about us?
