

Ooh La La –The Faces

Solo Line x2

Poor old granddad
I thought he was a bitter man

I laughed at all his words
He spoke of woman's ways

They'll trap you, then they use you
For love is blind and you're far too kind

Before you even know
Don't ever let it show

Chorus

I wish that I knew what I know now
I wish that I knew what I know now

When I was younger.
When I was stronger.

Solo Line

The can can's such a pretty show
But backstage, back on earth again

They'll steal your heart away
The dressing rooms are gray

They come on strong and it ain't too long
But love is blind and you soon will find

Before they make you feel a man
You're just a boy again

Solo Lin

When you want her lips, you get a cheek
If you want some more n she's fast asleep

Makes you wonder where you are
Then she's twinkling with the stars.

Poor young grandson,

there's nothing I can say,

You'll have to learn, just like me

And that's the hardest way Ooh la la x2
